WRAP focuses on building support groups as well as individual services for male and female veterans and their families who are dealing with issues such as PTSD, TBI (Traumatic Brain Injury) and MST (Military Sexual Trauma). WRAP tries to reintegrate the veteran back to as normal as possible and work with the veteran/family to understand what the veteran is going through or has gone through in an effort to bring them closer together and help each other. By networking with local businesses and organizations, skills training, supported employment and housing are provided to help sustain the veteran and contribute to his/her recovery.
