

# MAKING CHANGE Where There's a Wildcat, There's a Way!

---

The B.T. Wilson Student Council collected \$169 in loose change for the local branch of the American Red Cross. The students decorated cans and placed them throughout the campus and in classrooms and encouraged students to drop their coins inside for a span of several days.

At the end of the project, \$169 was collected and counted and will be presented to the American Red Cross with hopes of helping the victims in Haiti.

Says Student Council Sponsor Denise Weinheimer, "Every penny collected came from students. We originally had plans to stand outside a few days in the parent drop-off and pick-up lines but the weather didn't cooperate so we just collected change inside our campus. It was great to see how fast small change could add up so quickly and make a big difference."
