Dear Parents,

To ensure a focus on student safety, Kerrville Independent School District will begin implementing new procedures for administering medications at school beginning with the 2009-2010 school year.

- All medication that must be taken by a student while at school will be brought to the school clinic by the parent or guardian. Students will not be allowed to carry medication to and from school.
- A KISD Medication Administration Permission Form signed by the parent or guardian must be received by the school prior to school personnel giving any medication to a student.
- Any medication not used by the student must be picked up by the parent or guardian; medication not picked up will be destroyed at the end of the school year.
- Parents might wish to consider asking the pharmacy for a separate bottle to be filled and labeled for medication to be taken at school, especially if the medication is also taken at home before or after school. The parent would not have to bring the medication back and forth to school on a daily basis.

Please direct any questions that you may have about the new procedure to the school nurse on your child's campus.

Thank you,

KISD School Nurse

Estimados Padres/tutores,

Para asegurar que estamos enfocados en la seguridad de los alumnos, el Distrito Escolar Independiente de Kerrville empezara a implementar nuevos procedimientos para administrar medicamentos en el plantel escolar, comenzando el año escolar 2009-2010.

- Todo medicamento que sea necesario que un alumno tome durante horario de clases deberá ser llevado a la clínica de la escuela por el/los padre(s) o tutor(es). No se le permitirá a los alumnos llevar o traer medicamentos a la escuela.
- Los padre(s)/tutor(es) tendrán que firmar una Forma de KISD de Permiso para Administrar Medicamentos y deberá ser recibida en la escuela antes de que el personal del plantel necesite administrarle cualquier medicamento al alumno.
- Cualquier medicamento que no se use por el alumno deberá ser recogido por un padre/tutor; medicamentos que no sean recogidos para el fin del año escolar serán destruidos.
- Talvez los padres/tutores deberán considerar el pedir a las farmacias un embase aparte para que sea llenado y marcado para medicamento que se tomara en la escuela, especialmente si el medicamento también deberá de ser tomado en casa antes o después de asistir a la escuela, así los padres no tendrán que llevar y traer medicamentos a la escuela diariamente.

Favor de dirigir cualquier pregunta que usted tenga acerca del nuevo procedimiento, a la enfermera de la escuela de su hijo(a).

Gracias,

Enfermera de KISD

KERRVILLE INDEPENDENT SCHOOL DISTRICT

HEALTH PROGRAM

Dear Parent/Guardian,

School records reveal that _____
is needing further immunizations in order to meet Texas requirements. Please take your
child to have _____ and bring a validated
record showing this immunization has been received by _____
so that your child may remain in school.

Immunizations are available at the following locations:

1. Family physician
2. Texas Department of State Health Services (One Schreiner Center, 819 Water, Suite 290). Call for an appointment at 896-5515. (Sliding scale fee—parent or legal guardian must accompany child.)
