

## Ways to Give

The members of the KPSF have over 20 years worth of wishes-come-true for KISD. Each and every year, they have granted students and staff the resources, tools, and programs they need to be successful. Dreaming bigger and better in the coming year, their added wish on a starry night is for you to join in the dream.

### How You Can Help

### **Direct or One-Time Gifts**

Honor the memory of a loved one or surprise a supporter of public education with a gift that keeps on giving.

The KPSF accepts donations from individuals, corporations, and other foundations to fund its programs. There are many levels of giving and gifts can be made in honor or memory of a loved one.

### **Tivy Tiles**

One of the simplest and more long-lasting ways you can help the KPSF is through the Tivy Tiles program. Create a loving memorial or permanent memory for as little

as \$50. The inscribed blocks adorn the Tivy High School campus and serve as a permanent display of support for the schools. [Click here for order form.](#)

### **KISD Payroll Deduction Program**
