Kerrville ISD Will...

Provide students with engaging, rigorous, personalized (academic and character building) learning experiences that meet individual student needs, foster student ownership of learning and develop 21st century skills for lifelong learning.

Develop future-ready students and build a strong academic foundation in literacy and math by working to have all students reading on grade level by grade 3 and by preparing all students to successfully complete algebra coursework.

Empower all students to identify post-secondary pathways and provide personalized support for college, career, and military readiness through Science, Technology, Engineering, Arts & Math (STEAM), Career and Technology Education (CTE), workforce certification, college credit, Advanced Placement and other program opportunities.

Recruit, develop and retain employees who are student-centered, focused on professional learning and improvement, passionate, innovative, collaborative, goal oriented and ethical.

Maintain sound fiscal management of district budgets by aligning resources to improve student learning, ensure future-ready students and meet district goals while continuously advocating for an adequate and equitable Texas public school finance system.
