

DIY Chalk Paint

Materials

- 1/3 cup of corn starch
- 1/3 cup of water
- Muffin tin or plastic containers
- Food coloring (optional)
- Spoon

Instructions

1. Add the corn starch to a plastic container.
2. Add the water to the cornstarch and stir.
3. Add food coloring.
4. Paint on a chalkboard or your sidewalk.

Activity Ideas:

1. Create new colors by exploring primary and secondary colors!
2. Experiment with the amounts of corn starch and water. What happens to the texture? What is the best recipe?
3. Practice writing or math problems on sidewalk!
